

This is in regards to the Air 1 Radio station and the potential of losing the service in our area due to Low Power FM (LPFM) proposing to expand the service in a way that would allow the new LPFM stations to take priority over current FM translator service.

Please do not let this happen. I listen to this radio station daily and have for 4 years now. I find it to be an important part of my life and community. While there are other Christian stations, this one is focused at a younger generation. I have young boys and this station is "God Cool" to them. I believe that removing a positive radio station to make room for one that could possibly talk about sex in undertones of the DJ's comments and often use "acceptable" swear words and other crude activity would not help me as a parent trying to teach my children respectful behavior and morals. There are so many avenues for our youth to be exposed to darker behaviors and immoral, disrespectful activities. Please do not take away one of the good ones. Our youth will shape our nation and future. We need to feed them the right stuff! Many Thanks - Jennifer Arnold
